

International Academic Teacher Training Course for Health Professions - ONLINE

From 2nd of February to 26th of July 2024

Application Deadline: 26th of November 2023

Professionalisation of medical education, professional development and capacity building for health professions are key factors for a sustainable development of health care systems worldwide. The International Academic Teacher Training Course for Health Professions (ATTC) in Munich is part of Continuous Professional Development and a mandatory faculty development program of the medical faculty of LMU Munich. It is offered by CIH^{LMU} and the Institute of Medical Education and is embedded in a strong network with international partner institutions.

Voices of former participants:

"ATTC is like a 5-day trip, where I discovered and explored different information, strategies and tools... crucial for improving my teaching skills."

Dr. Omar El Bounkari, Senior Scientist and Technical Laboratory Head, LMU University Hospital, LMU Munich

"ATTC provides safe learning environment facilitated by a team of experienced faculty. I am confident that I will enjoy effective teaching experience with application of new teaching methods, online tools and soft skills I learnt from ATTC."

Dr. Pema Choden Bhutia from Bhutan, Assistant Professor for Obstetrics and Gynaecology at Khesar Gyalpo University of Medical Sciences

"Amazing to see how it is possible to familiarize and share with other participants about professional challenges even though the whole course is online."

Anonymous participant from LMU Munich

Target Group

Teachers in health professions education and other domains who want to improve their skills as educators.

Teaching Methods

The course is competency-oriented. It initiates an active and participatory learning process by using constructive and interactive learning methods. The development of relevant competencies is supported by synchronous, online small group discussions, group work, independent study, individual and group presentations, and expert sessions.

Objectives - Participants will...

- structure their own teaching and assessing in large and small classes
- develop a curriculum from learning objectives to assessment methods and teaching and learning activities for their own teaching practice at their home institution
- give and receive feedback in their daily work, practice intercultural communication and collaborations, share professional teaching expertise across different health professions
- use online facilitation tools and techniques routinely

Participants have ...

- English language proficiency at C1 level

- Previous teaching experience with students in health professions
- A work environment to practice newly acquired teaching skills during the transfer phase
- A sustainable internet connection with good bandwidth
- A computer with audio and video peripherals. We strongly discourage participation by cell phone

Duration/ Certification

- Kick-off meeting, **Friday, 02.02.2024, 08:30 to 14:30 CET**; self-directed pre-course assignments (reading and writing, approximately 15 to 20 hours); five days synchronous, facilitated distance course (**Monday 26.02.2024 to Friday 01.03.2024, attendance is full-time**); transfer phase including post-course assignments (writing, teaching students and receiving feedback from a peer, observing and giving feedback to a peer); and Symposium on **Friday, 26.07.2024, 09:00 to 13:00 CEST**
- Participants receive the final **Certificate of competence** upon successful completion of the online course, the transfer phase and Symposium
- Please, check synchronous sessions of the course in your own time zone

Terms of participation and costs

The costs for employees of the University of Munich and the Medical Faculty of the Ludwig-Maximilians-University Munich will be covered. For external participants, a fee will be charged.

Please inform yourself in advance about the [conditions of participation](#) in the course and, if applicable, costs incurred by you. **If you cancel at short notice (less than one week before the start of the course), a cancellation fee of 290 EUR will be charged.**

Credit of the course/Certificate

Participation in the entire course is certified with a certificate of attendance from the Faculty of Medicine of the LMU. **The course can only be booked as a complete course (attendance including preparation and follow-up).** No certificates will be issued for individual days. With the attendance of the course, the certificate "Zertifikat Medizindidaktik der Bayerischen Universitäten - Grundstufe" (60 teaching units) is acquired. This contains all the necessary work units for the didactic qualification (at least 60 teaching units) to be proven in the application for admission as a habilitand at the Medical Faculty of the Ludwig-Maximilians-Universität München.

Further information about the "[Zertifikat Medizindidaktik der Bayerischen Universitäten](#)".
